

**Hi, my name is Remington!** 🐾

I'm an **Australian Labradoodle** and I'm five years old.

Nine years ago, my mom met a woman at the PebbleCreek dog park. She noticed how much my mom loved me and how we worked together while we played. The woman asked, *"So, what do you do with your dog?"* My mom didn't know what that meant at the time.

Well, now we do! Today, Mom (Kathleen Molony) and I are a registered dog therapy team with **Mutts on A Mission, Inc.** We volunteer at the **City of Hope** I make patients smile on sometimes the hardest days of their lives. I get lots of hugs and kisses. Who wouldn't like that job? I also get to help kids with their reading at the **Barbara B. Roby School** and Rancho Santa Fe in the **R.E.A.D. (Reading Education Assistance Dogs)** program. I love snuggling up to listen while the kids read to me—it's one of my favorite things.

What started as a simple question at the dog park turned into an amazing journey. Now I get to spread love, comfort, and encouragement everywhere I go!
